Sir:

An Office Action Made Final was mailed on July 29, 2002 in response to an Amendment filed April 12, 2002. Applicants hereby petition to withdraw finality of the Office Action.

An Office Action Made Final is premature under the following circumstances:

...where the examiner introduces a new ground of rejection that is neither necessitated by applicant's amendment of the claims nor based on information submitted in an information disclosure statement filed during the period set forth in 37 CFR 1.97(c) with the fee set forth in 37 CFR 1.17(p). MPEP 706.07(a)

The Office Action Made Final included a new rejection of Claims 2-18 under 35 U.S.C. § 103(a) over U.S. Patent Nos. 5,496,545 (Holmes-Farley, *et al.*) and 4,302,440 (John, *et al.*). Holmes-Farley, *et al.* had previously been cited by the Examiner, however John, *et al.* was newly

cited. John, *et al.*, was made of record in an Information Disclosure Statement filed October 18, 2000 under 37 C.F.R. § 1.97(b).

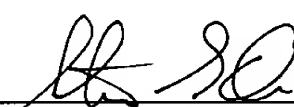

The Amendment filed April 12, 2002 amended Claims 2-18 to recite a tablet comprising a core and a coating therefor. The amended claims contain all of the limitations of the original claims. Previously, the claims were directed to a tablet core and Claims 13-16 were directed to a tablet core further comprising a water-based coating. Thus, some of the claims recited a tablet core with a coating prior to amendment. No claim amendment has been made necessitating a new rejection. Therefore, the finality of the Office Action has been made prematurely. Withdrawal of the finality of the Office Action is respectfully requested.

Please charge any fees that may be due in this matter to Deposit Account No. 08-0380.

Respectfully submitted,

HAMILTON, BROOK, SMITH & REYNOLDS, P.C.
